Base

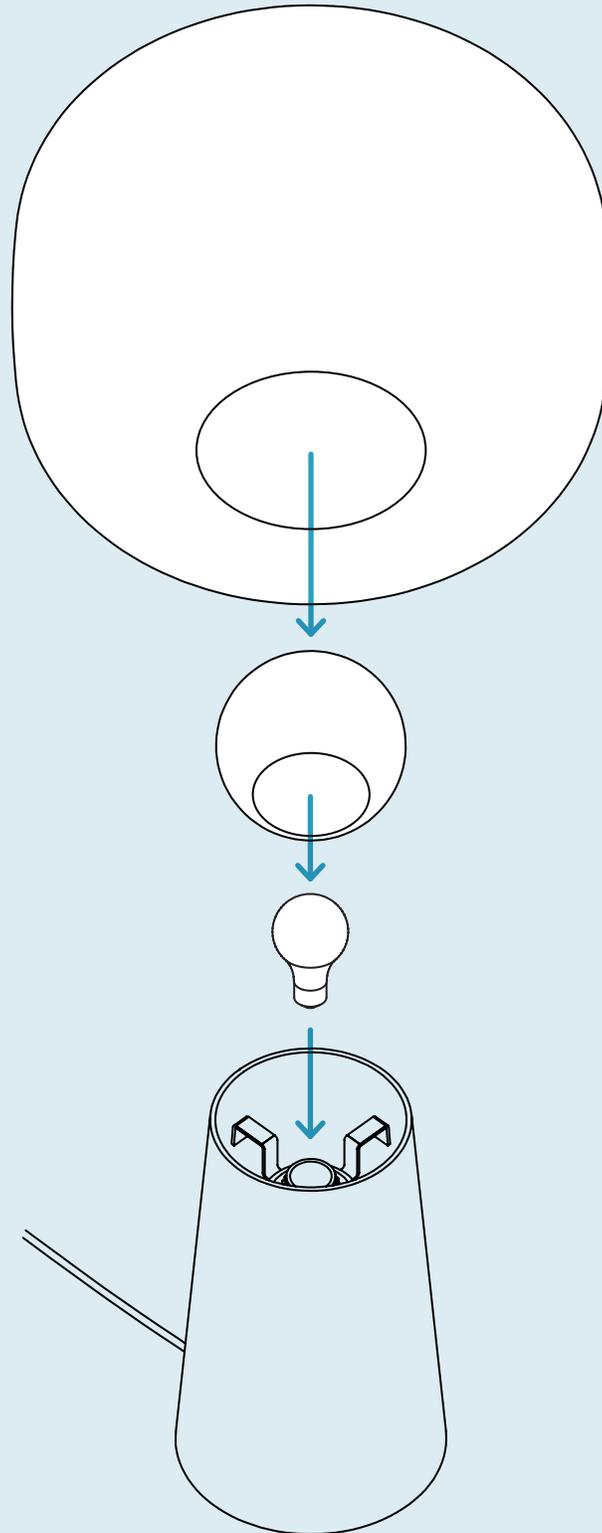

A light bulb (E-26 9W LED) is provided.

# Step 01

## INSTALL BULB AND GLASS DOMES.

Install light bulb in base as shown.

Complete assembly by carefully placing the inner dome in place, followed by the outer dome.

## Additional Information

### USE

This unit is meant for indoor use in dry locations only. Keep the lamp away from direct heat and sunlight. Heat and sunlight can dry out the surface of the leather and may cause cracking and fading. Never leave heavy or sharp objects on or against your lamp as this could puncture the surface or cause permanent indentations.

### CLEAN

Unplug lamp prior to cleaning.

Clean glass surfaces with a slightly damp, soft cloth. To remove dirt and fingerprints, use a quality glass cleaner. Wipe completely dry with a soft cloth.

Clean leather surfaces by dusting the surface with a clean, dry cloth. Avoid using any cleaning products or solutions as these may stain or discolor the surface. Consult a commercial cleaning specialist for removal of stubborn stains.
