Pendant

NOTE: Electricity is dangerous. It is recommended to hire a professional electrician to install your lamp.

# Step 01

## ATTACH THE SHADE.

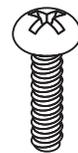

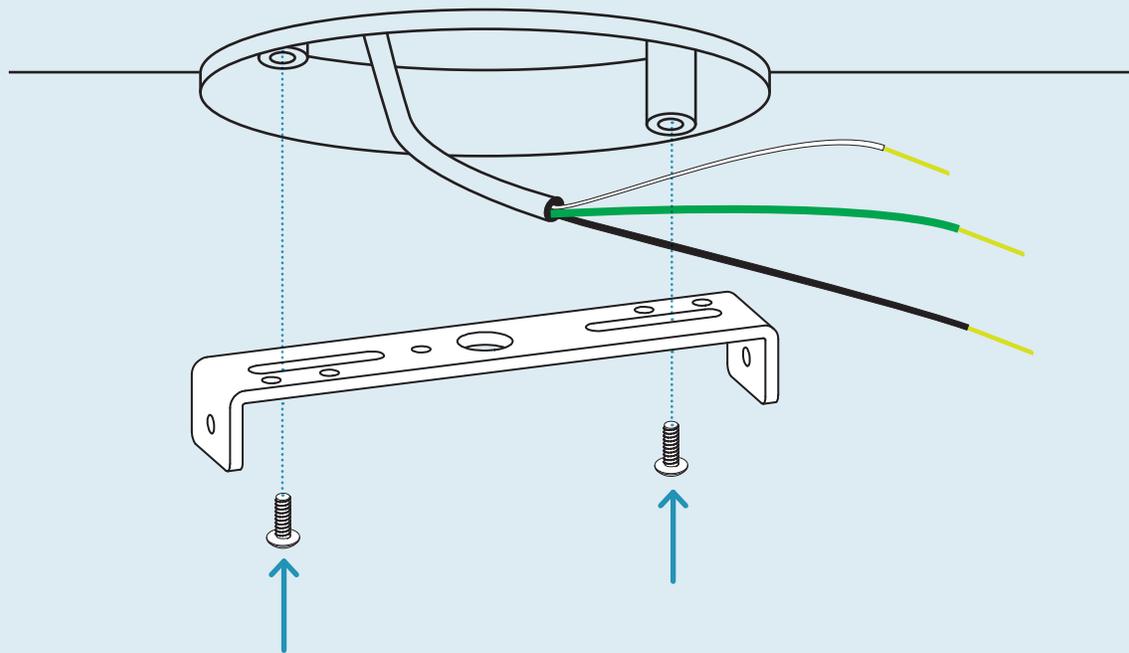

Prior to installation, ensure the pendant and shade are aligned as shown with the shade resting on the pendant base.

## Step 02

### ATTACH MOUNTING BRACKET.

1. Disconnect power.
2. Attach mounting bracket to ceiling electrical box as shown using the provided hardware.

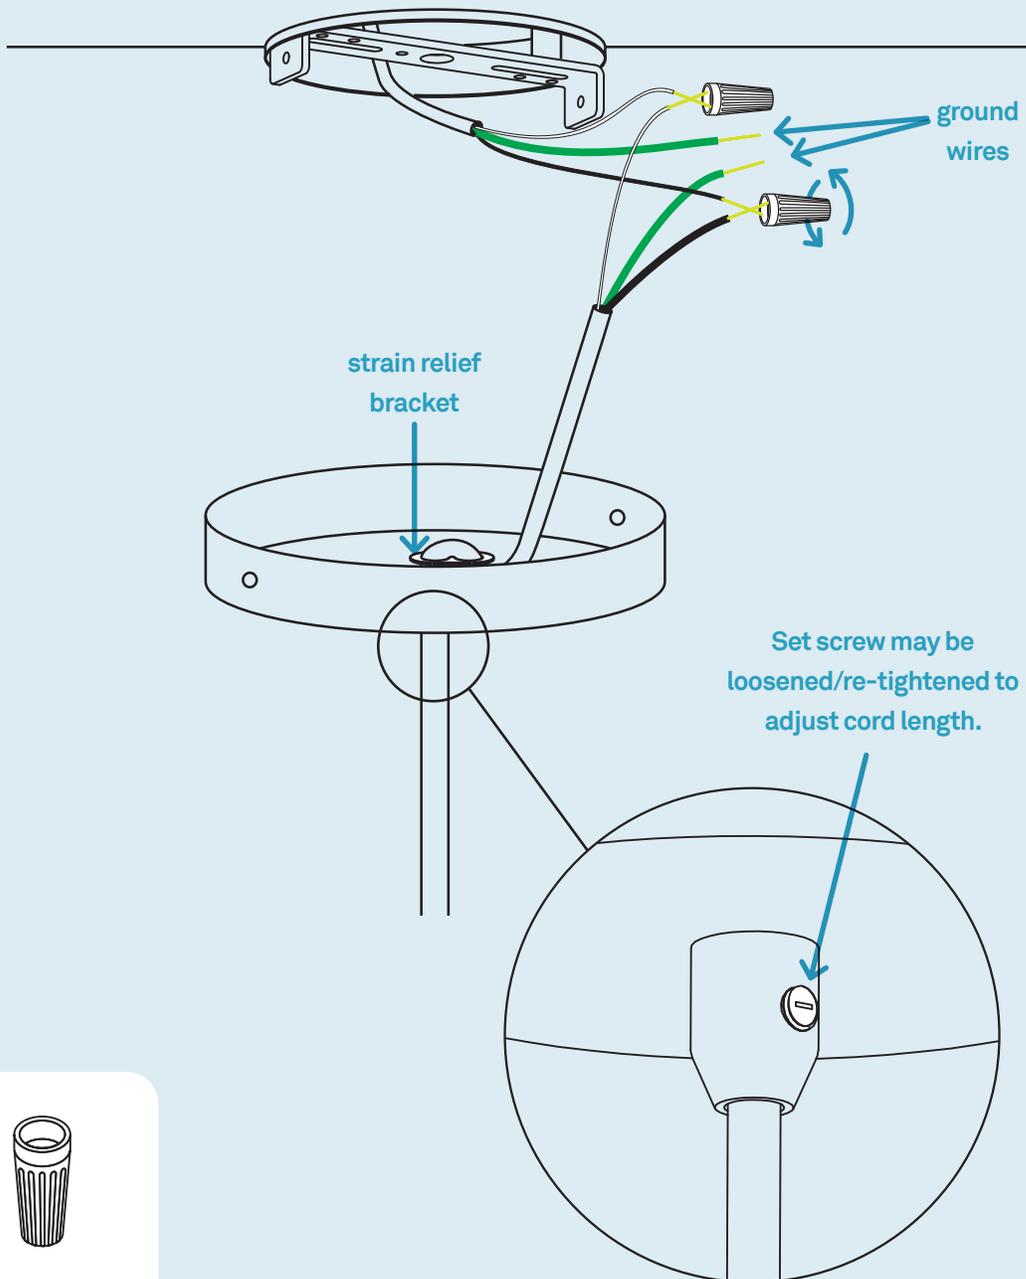

PT. 1060 x 2

# Step 03

## HARDWIRE PENDANT.

1. Cut pendant cord to desired length, allow 4" above canopy for wiring.
2. Twist matching copper wires together.
  - white to white
  - black to black

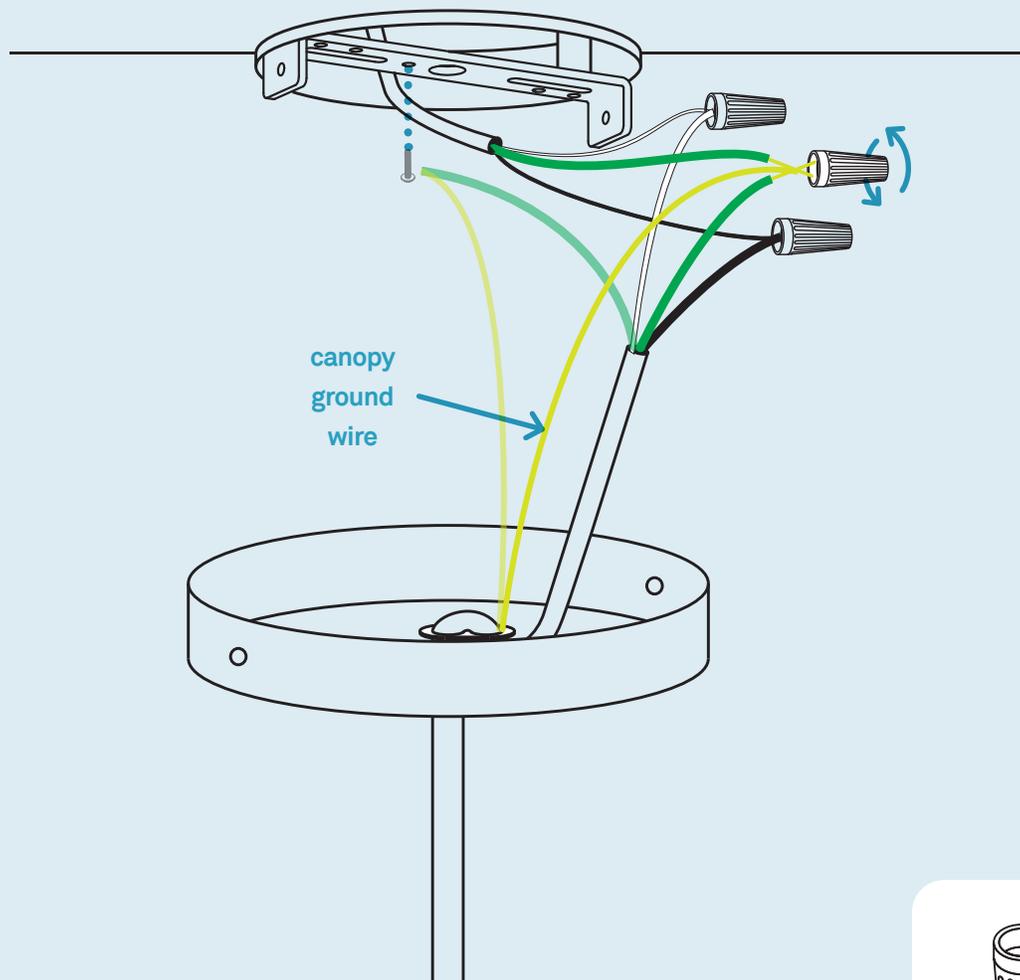

PT. 8021 x 2

# Step 04

## GROUND PENDANT.

1. Locate bare copper wire inside pendant canopy.
2. Twist matching copper wires together in addition to bare canopy wire.
3. If no green wire (ground wire) is present in electrical box, wrap wire around pre-attached screw on mounting bracket and tighten into place.

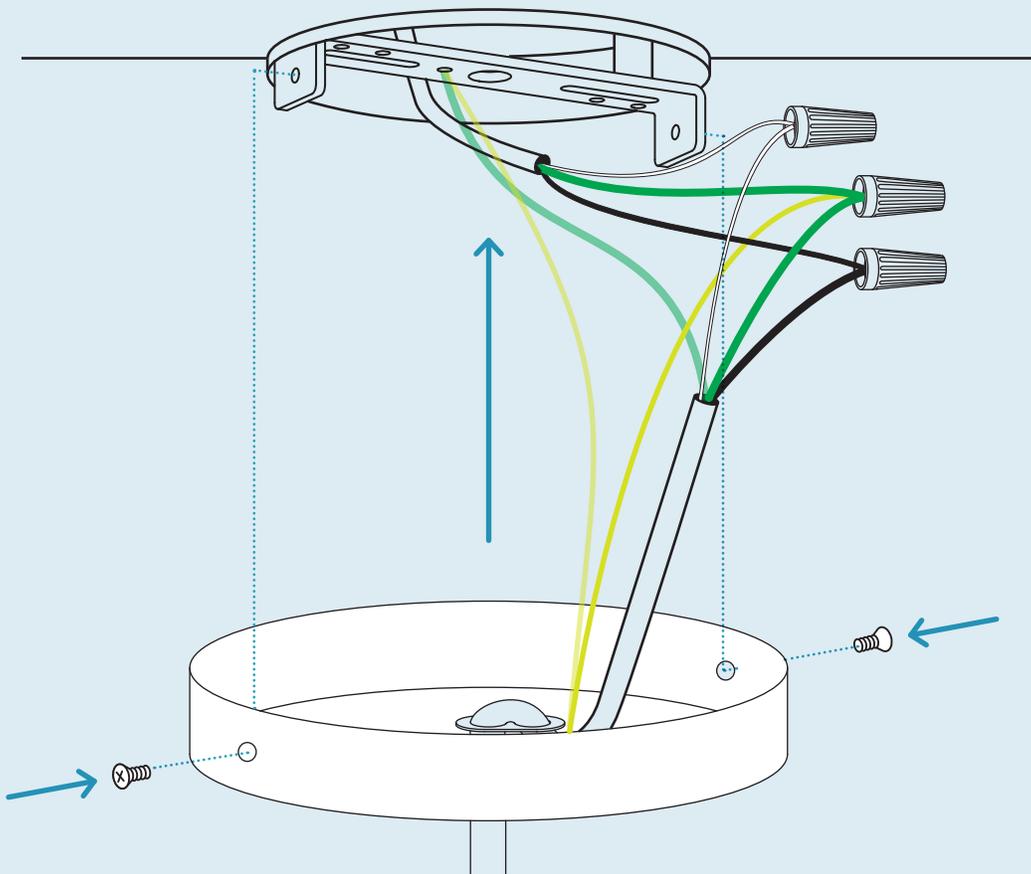

PT. 8021 x 1

# Step 05

## ATTACH CANOPY TO BRACKET.

1. Align vertical holes on mounting bracket with side canopy holes.
2. Attach as shown using the provided hardware.

PT. 1061 x 2

## Additional Information

### USE

This unit is meant for indoor use in dry locations only.

### NOTE

We recommend using a 60W maximum G25 globe bulb for the Large and Medium Pendants, and a 40W maximum G16.5 globe bulb for the Small Pendant.

### CLEAN

Clean powder-coated surfaces with a soft cloth or sponge using a mild detergent, such as dish soap, and warm water. Wipe completely dry with a soft cloth. Clean wood surfaces with a high quality cleaner formulated for wood products.
