Lamp Body

**Electricity is dangerous. It is recommended to hire a professional electrician to install hard-wired fixtures.**

# Step 01

## UNASSEMBLE LAMP

The lamp ships fully assembled to protect parts during shipping. Carefully unassemble the lamp parts using the hardware as shown. Set parts aside for assembly in later steps.

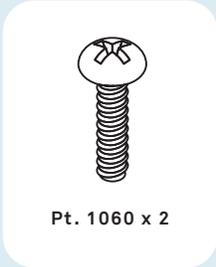

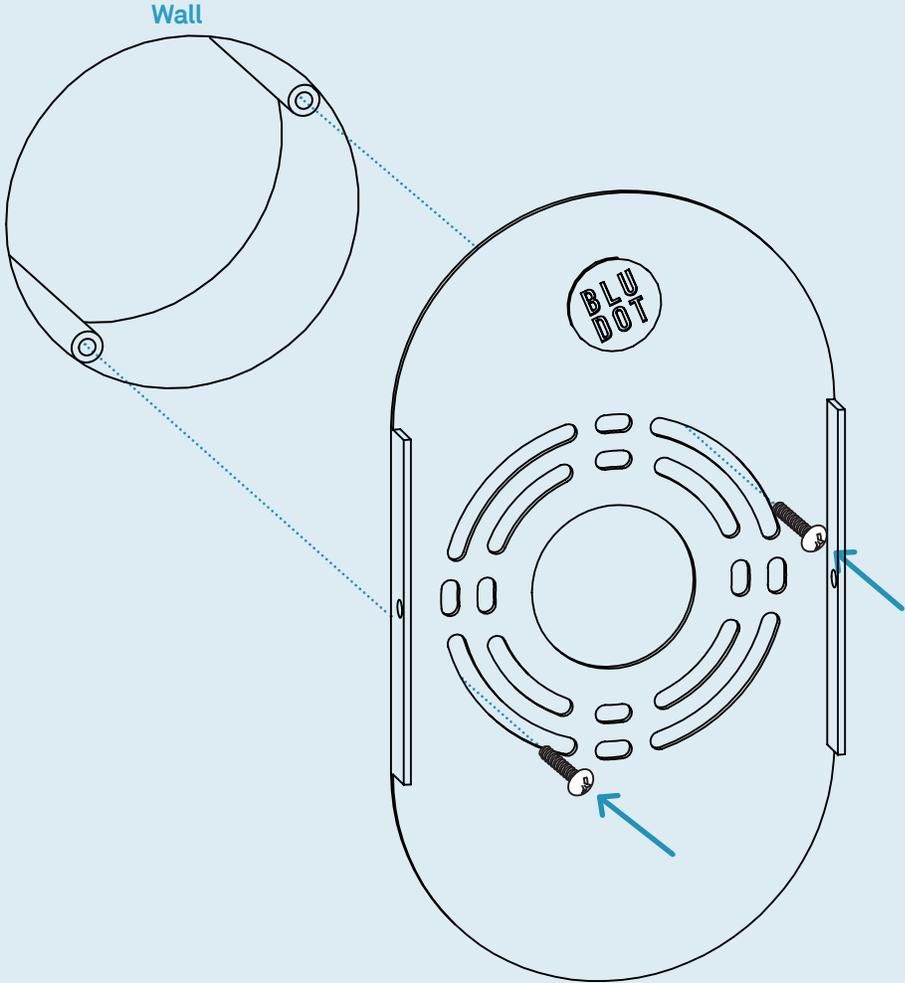

# Step 02

## ATTACH WALL BRACKET TO ELECTRICAL BOX

Disconnect power before proceeding with installation.

Attach the wall bracket to the wall electrical box as shown using the provided hardware.

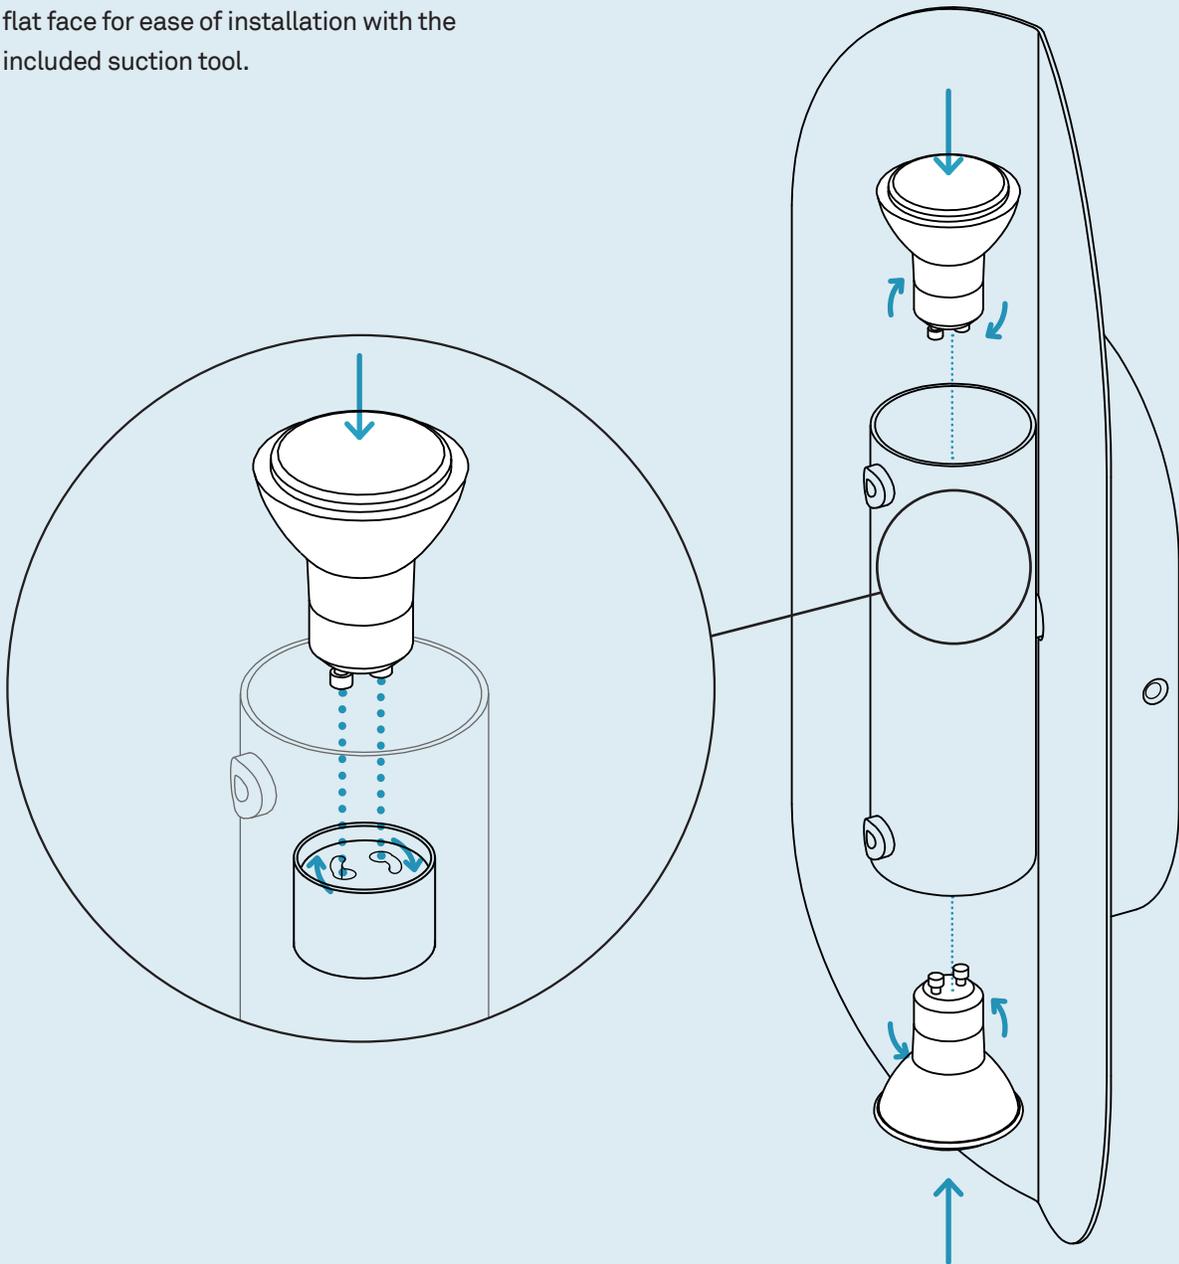

# Step 03

## INSTALL BULBS

Insert GU10 bulbs (not included) into the lamp body and twist to lock into place as shown.

We recommend using MR16 bulbs with a flat face for ease of installation with the included suction tool.

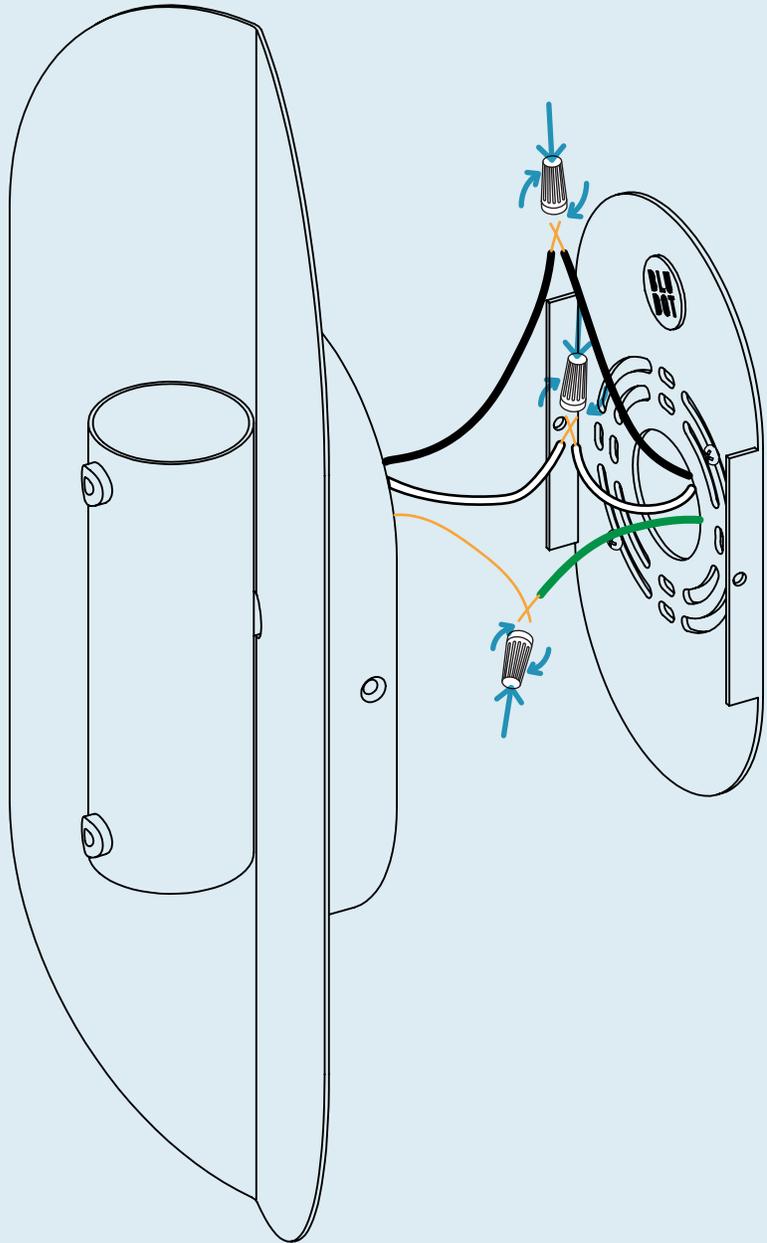

# Step 04

## JOIN ELECTRICAL WIRES

Twist grounding wires together and secure in place using wire nut.

Then twist white wires together and secure in place using wire nut.

Lastly, twist black wires together and secure in place using wire nut.

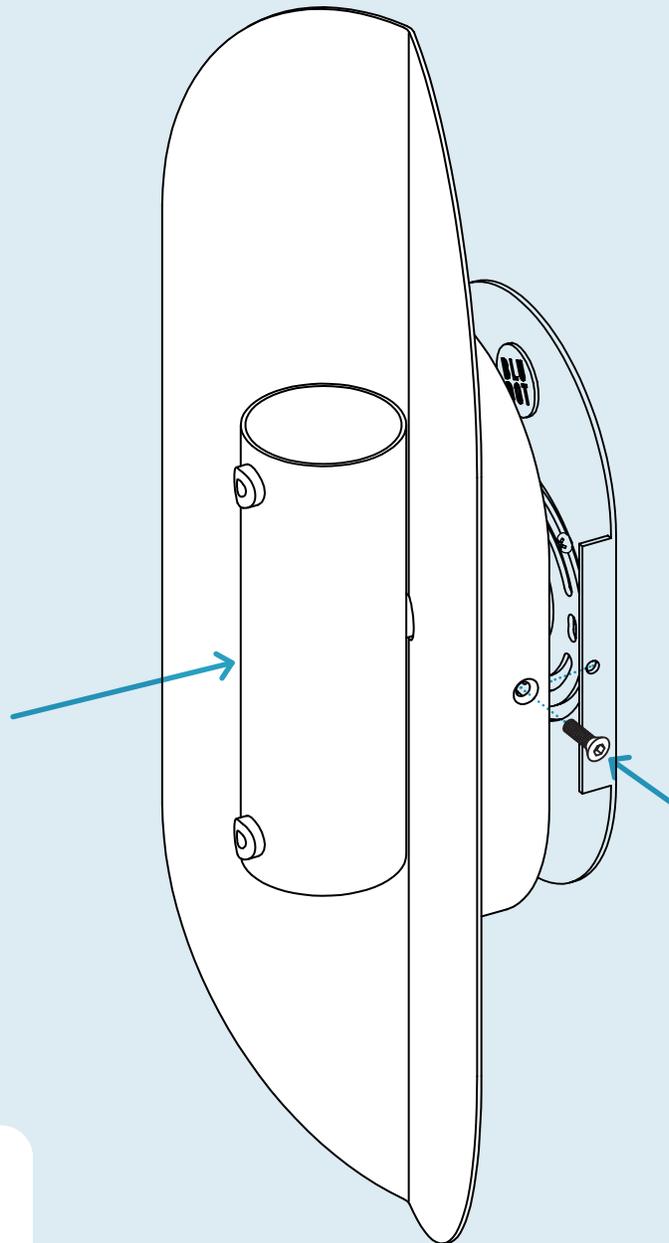

Pt. 8021 x 3

# Step 05

## SECURE LAMP BODY TO WALL BRACKET

Tuck the wiring into the electrical box and gently position lamp body over wall bracket.

Use provided hardware to secure lamp body in place as shown.

Pt. 1042 x 2

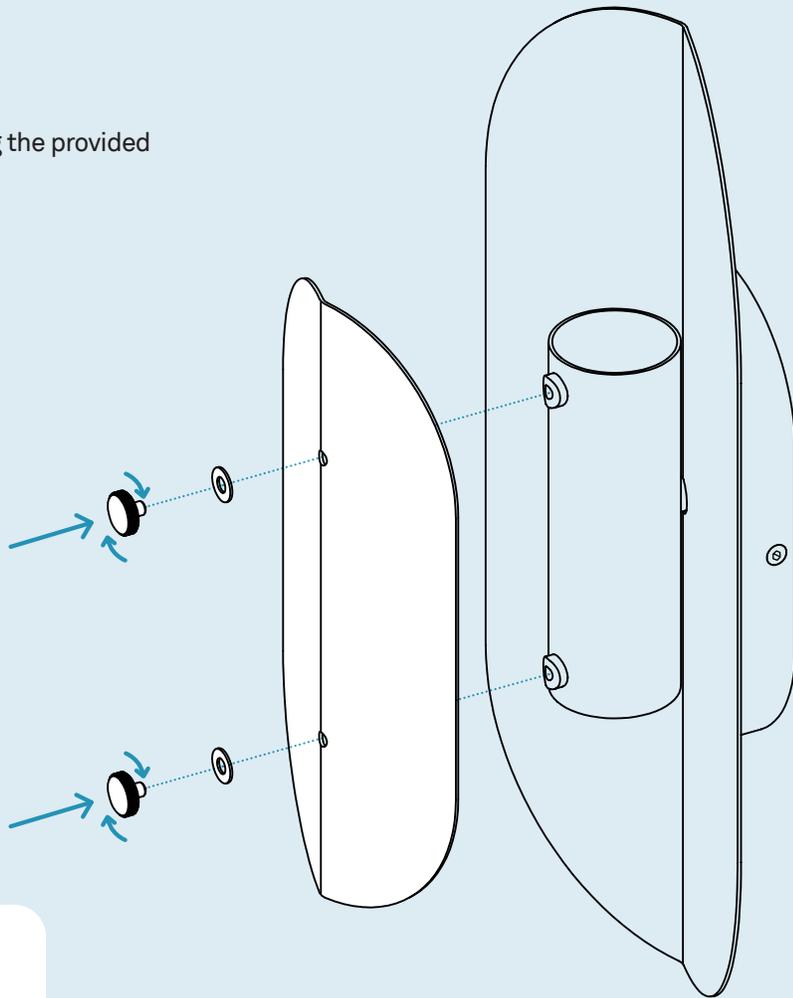

Pt. 9031 x 1

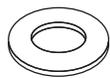

## Step 06

### ATTACH SCREEN

Secure screen to lamp body using the provided hardware as shown.

Pt. 1093 x 2

Pt. 3013 x 2

## Additional Information

### USE

This unit is meant for indoor use in dry locations only.

### CLEAN

Clean with a dry, soft cloth. To remove dirt and fingerprints, use a quality cleaner formulated for metal furniture. Wipe completely dry with a soft cloth.
