Bottom Support

QTY 3

Leg

QTY 1

Top Panel

Step 01

ASSEMBLE BASE.

Assemble this product on a soft surface. Loosely attach the legs and support pieces with the provided hardware as shown. Do not tighten the bolts until later in assembly.

Note: The legs angle outwards towards the bottom of the base.

Step 02

POSITION TOP PANEL.

Place the top panel on a book or similar object with the bottom side facing up to elevate it an inch or so off the floor.

Lower the base onto the top panel and position the slots in the legs onto the edge of the top panel as shown.

Step 03

SECURE TOP PANEL.

Secure the top panel in place by tightening the hardware gradually; tightening each fastener one turn at a time while working your way around the table. Tighten the fasteners in the order as shown.

Tighten these fasteners last

Tighten these fasteners first

Additional Information

NOTE

The natural stone top will have variances in appearance and each piece is unique.

CLEAN

Clean top with a soft cloth or sponge using a mild detergent such as dish soap. On legs, use a quality cleaner formulated for wood furniture. Wipe completely dry with a soft clean in the grain direction.
