Sofa

*Hardware and part quantities may differ based on purchased product.

Step 01

INSTALLING THE SECTIONAL CONNECTOR.

Some sofa configurations ship with sectional connectors. Place the sofa components as shown and install the sectional connector into the bottom face of the sofa using the provided hardware. A power drill can be used to aid installation, but is not required. Once the sectional connector is installed slide the sofa components together to lock into place.

Additional Information

CLEAN

Vacuum your upholstery regularly. For leather furniture dust regularly with a dry cloth.

SPILLS

Act quickly with spills. Absorb the spill with a clean white cloth or paper towel. Never rub the surface. Do not use water or other liquids to clean, as they may cause stains. Consult a commercial cleaning specialist for removal of stubborn stains.

AVOID

Keep furniture out of direct sunlight and away from heat sources; excessive exposure to sunlight may cause color fading. Avoid placing heavy or sharp objects on the furniture surface for long periods of time; this can cause permanent surface indentations. For snags in the fabric, tuck loose threads into fabric or carefully push to reverse side. Never pull out or cut off loose threads.
