ASSEMBLY NOTES | REV 00

CLEAN

Dust leather surfaces regularly with a dry cloth. Clean wood surfaces with a slightly damp, soft cloth. To remove dirt and fingerprints, use a quality cleaner formulated for wood furniture. Wipe completely dry with a soft cloth in the direction of the wood grain.

SPILLS

Act quickly with spills. Absorb the spill with a clean white cloth or paper towel. Never rub the surface. Do not use water or other liquids to clean, as they may cause stains. Consult a commercial cleaning specialist for removal of stubborn stains.

AVOID

Keep furniture out of direct sunlight and away from heat sources; excessive exposure to sunlight may cause color fading. Avoid placing heavy or sharp objects on the furniture surface for long periods of time; this can cause permanent surface indentations. Never pull out or cut off loose threads.
