# Step 01

## INSTALLING THE WALL CLEAT.

Install the wall cleat on the wall at the desired height. Use a bubble level to help align the bracket horizontally.

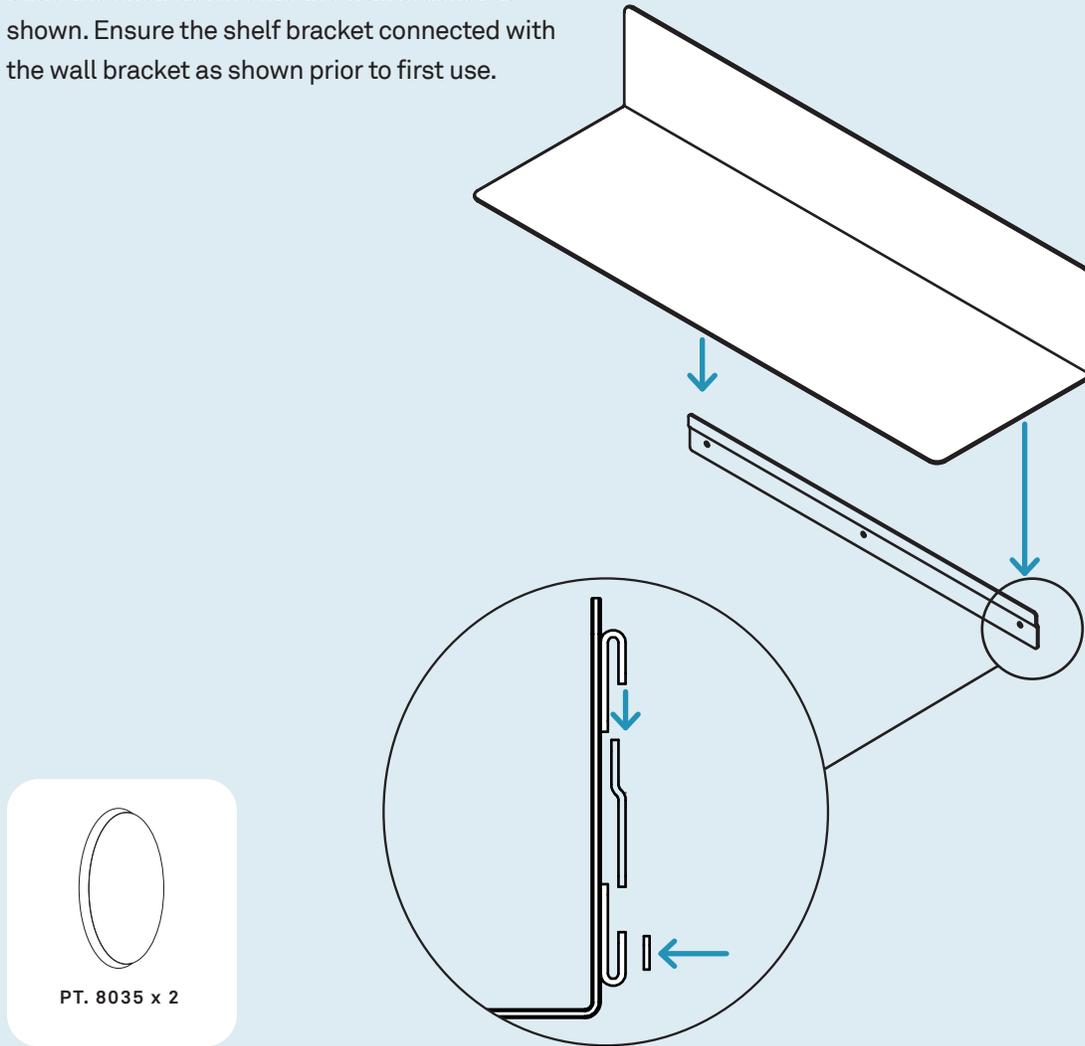

Note: Hardware not included. To determine the hardware best suited for your type of wall, consult your local hardware professional.

# Step 02

## ATTACHING THE SHELF.

Determine desired shelf orientation. Apply the provided cork pads to the bottom cleat on the back of shelf.

Slide the shelf down onto the wall bracket as shown. Ensure the shelf bracket connected with the wall bracket as shown prior to first use.

## Additional Information

### CLEAN

Clean with a slightly damp, soft cloth. To remove dirt and fingerprints, use a quality cleaner formulated for metal furniture. Wipe completely dry with a soft cloth.
